Arctic Wonders: Fjords, Wildlife & Northern Lights

This extraordinary 8-day journey takes you through two of Northern Norway's most captivating regions; the dramatic fjords of the Lofoten Islands and the untamed wilderness of Alta. Designed to fulfill the wish to experience fjords, wildlife, and the Northern Lights, the program blends active adventures, exclusive dining, and time to explore at own pace.

The trip begins in Lofoten, where rugged peaks plunge into turquoise fjords. Here, you will embark on a polar night hike, paddle through icy waters on a sea kayaking adventure (with two options to match activity level), and witness the awe-inspiring sea eagles on a safari to the legendary Trollfjord. Evenings include fine Arctic dining and a Northern Lights photography tour with a professional guide.

From Lofoten, the journey continues north to Alta, where the Arctic landscape shifts to endless plateaus and serene rivers. Here your days in "The City of the Northern Lights" are filled with wildlife encounters and authentic Arctic experiences: husky carting with a team of hard working Alaskan huskies, a whale-watching excursion on the Altafjord, and the chance to harvest and feast on fresh king crab. At night, dining at some well renowned restaurants such as Maku and Trasti & Trine is a must.

The itinerary also includes flexible moments—time to stroll charming fishing villages, relax in a floating sauna, or explore Alta at her own pace. On the final day, she may choose to add an animal-focused experience, either connecting with the Sami culture and their reindeer or riding through the Arctic wilderness on horseback, culminating in a 3-course dinner under the stars with the possibility of witnessing the aurora.

This program is a perfect balance of adventure, culture, and comfort, delivering the ultimate Arctic experience.
